Colonial Coins

1125 **1652 Pine Tree Shilling, Noe-16. Very Fine, perhaps better.** A lovely example with light silver devices that contrast nicely with the smooth, natural light gray fields on both sides. Sharply struck, and a great deal of detail is still visible on the pine tree. The planchet is not quite round, but the overall appearance of the coin is quite pleasing. Worthy of a premium bid. **(Photo)** ***($1500-Up)***

1126 **1652 Pine Tree Threepence, Noe-36. Very Fine.** The contrasting lighter devices and deeper silvery-gray fields make this scarce and very popular coin quite attractive. The date, and "NEW ENGLAND" on the sharply struck obverse are complete. The reverse is off-center to the left, but the pine tree and "MASA" are clear. Slightly bent, which makes these coins historically interesting. (During the Salem Witch Panic of 1792 carrying a bent coin was supposed to be a sure-fire method to ward off witches!) **(Photo)** ***($1200-Up)***

1127 **1722 Rosa Americana Penny UTILE DULCI. XF 40 PCGS.** A lovely example, with smooth, medium brown surfaces. The "U" in "DUCTILE" is struck over a tiny planchet defect, mentioned only for accuracy. ***($400-Up)***

1128 **1723 Wood's Hibernia Farthing. MS 62 Brown PCGS.** Sharply struck, with glossy, medium brown surfaces and traces of original red mint lustre between the lettering. ***($350-Up)***

1129 **1773 Virginia Halfpenny Period After GEORGIVS. Mint State 62 PCGS.** Well struck, and free of of spots or contact marks, this lovely light brown specimen retains hints of the mint lustre present when it left England over two hundred years ago. ***($450-Up)***

1130 **1773 Virginia Halfpenny No Period After GEORGIVS. XF 40 PCGS.** Medium brown, lighter on the high points. ***($200-Up)***

1131 **London Elephant Token** (1672). **Thick Flan. AU 50 PCGS.** Light chocolate brown, with smooth, natural, problem-free surfaces, deeper brown toning beginning to form around the mottos. **(Photo)** ***($1100-Up)***

Breen believes this to be a Pre-Revolutionary War import because they have appeared in "noncollector accumulations" in New York and New Jersey. The tokens may have come over from Bristol with a group of Quakers who arrived in 1682.

1132 **1766 Pitt Halfpenny Token. XF 45 PCGS.** Very pleasing, with smooth, light brown surfaces on the obverse. The reverse has a slightly pale spots and a touch of green in the peripheral lettering. Almost identical in grade to the Red Book example. **(Photo)** ***($1250-Up)*** Made in New York for the Friends of Liberty and Trade, allegedly from sketches drawn by Paul Revere.

1133 **1767 French Colonies, Sou, Counterstamped RF. Very Fine.** *($120-Up)*

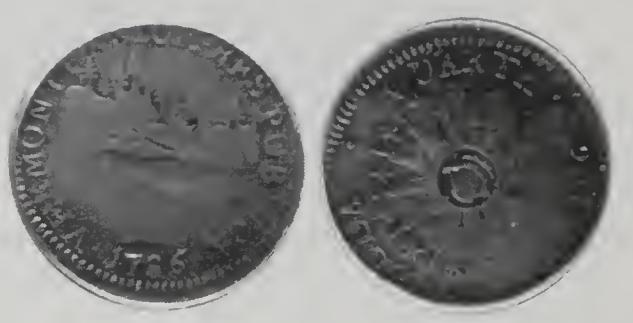
1139 **1786 New Jersey Copper Maris 14-j. Almost Uncirculated 50 PCGS.** Just a touch of wear on the very highest points, and the reverse strike is razor-sharp. **(Photo)** *($1200-Up)*

1140 **1787 New Jersey Copper Maris M46-e. Extremely Fine 40 PCGS.** Very well centered and sharply struck. A clear impression of the shield on the reverse is clearly visible on the obverse due to a clashing of the dies. Smooth, medium brown surfaces. Quite pleasing. Finding a better example would be a difficult undertaking. **(Photo)** *($600-Up)*

1141 **1787 New Jersey Copper, Maris 56-k. Very Fine.** Struck on a perfectly round planchet with just a hint of surface porosity. A nice, pleasing, defect-free example. *($250-Up)*



1142 **1786 VERMONTENSIUM Ryder 8. VF 25 PCGS.** Struck slightly off-center on a planchet that had a few cracks on the reverse, but none of the major elements of the design are affected. Both sides have nice brown surfaces with some deeper toning. Some of the detail above the date is missing due to typical die failure on this variety. **(Photo)** *($800-Up)*

1143 **1786 VERMONTENSIUM Ryder 8. VF, perhaps better.** Struck on a somewhat grainy planchet. Much of the central detail (often lacking due to die failure) is present on both sides. **(Photo)** *($500-Up)*

1144 (Undated) **Bar "Copper". Extremely Fine 40 PCGS.** Light to medium brown surfaces with a few very light contact marks. A portion of the border on the striped side is defective, probably as made. One of the most popular of America's early coins. *($1750-Up)*

1145 **1794 Franklin Press Token. Almost Uncirculated 50 PCGS.** The obverse is quite **Choice** for this grade. *($350-Up)* Franklin worked in London at Watt's Printing Works and the press depicted is the one he used.

1146 (Undated) **Washington Double Head Cent Extremely Fine 40 PCGS.** Problem-free with clear, smooth olive brown surfaces. *($250-Up)*

1147 **1791 Washington Cent Small Eagle. Choice Brown Uncirculated Mint State 63BN PCGS.** Medium chocolate brown with pristine surfaces, virtually free of contact marks or problems of any kind. A premium quality example. **(Photo)** *($1750-Up)*

1148 **1793 Washington Ship Halfpenny Lettered Edge. Almost Uncirculated 50.** Deep brown with traces of red near the date and at the top of the obverse. **(Photo)** *($500-Up)*

No bids will be accepted from any person who has not signed a registration form or a bidder sheet.

10) United States coins and currency will not, in conformity with law, be opened at less than face value.

11) No "buy" or "unlimited" bids will be accepted. We will act as agents for all mail bidders in the sale. Mail bids will be opened at the next interval over the second highest bid except where the intrinsic or regular market worth of the item dictates an opening at its fair market value. Floor bidding intervals will have an average increment of about 5% at the discretion of the auctioneer.

12) In the case of a tie between a mail bidder on the book and a bidder on the floor, the mail bidder shall take precedence.

13) **All bids must be in whole dollar amounts; this includes percentage increases.**

14) **Check your bid sheets carefully. We can not assume any responsibility for errors made in the amount bid or lot numbers listed. Make sure your sheet is signed.**

Bidders not known to us are required to deposit 25% of their total bids in advance. Credit cards will not be accepted for auction purchases.

17) Title does not pass until payment in full is received. SMYTHE reserves the right to await clearance of any check before making delivery.

18) If a collection agency or attorney is required to collect outstanding accounts, all agency and court costs, witness and attorney fees and all other costs of any kind incurred by SMYTHE in procuring judgement shall be borne by the defendant. The signer of a SMYTHE bid sheet or participant in the auction concedes the jurisdiction of the courts of the U.S. in New York City or the New York State courts as SMYTHE alone shall elect. The participant in a SMYTHE auction also assumes both corporate and personal liability for unpaid auction bills.

19) SMYTHE may reopen the bidding on a lot under the following circumstances: 1) SMYTHE has failed to execute correctly a mail bid. 2) A party purchasing the lot on the floor has done so in error. 3) Where a protest is made after the hammer has fallen but before bidding has commenced on the next lot. 4) Where the auctioneer has determined that he has overlooked a party still bidding on the lot but before the calling of the next lot. 5) At the discretion of the auctioneer.

20) In the event of dispute, the auctioneer's decision is final.

21) New York State sales taxes or other state sales or use taxes shall be levied, as required by law. Dealers and other non residents are reminded that sales tax must be collected unless Form ST-128.1 has been filed properly, under regulations effective 1 December 1982.

22) No price adjustments will be made on the hammer price of a lot whether there is a complaint about the whole lot or only one item in it. The entire lot must be returned if a refund is to be made.

23) In the event of unsuccessful litigation the plaintiff shall pay SMYTHE'S legal costs, counsel and witness fees and all other costs incurred by it in defense against such suit together with interest on any funds expended at the New York prime rate from the date of actual disbursement.

24) The same protections applicable to SMYTHE apply to each and every one of their officers and employees unless they shall be convicted of knowingly selling false or stolen goods.

25) SMYTHE assumes no liability for merchandise lost, stolen or damaged while in the possession of a party to whom merchandise has been shipped. The purchaser is solely responsible for the safe keeping and insurance of any items in their possession.

26) All accounts are payable to SMYTHE in U.S. funds and remittances must cover the service charges for foreign drafts which shall be added to each invoice.

27) All material in this catalogue is unconditionally guaranteed to be genuine.

28) No lots may be returned by floor bidders except for non-authenticity.

29) Mail bidders may return lots for reasons of non-authenticity or improper description within 5 days of receipt or thirty days from the auction's last day, whichever comes first. Failure to execute this privilege in a timely manner either from a failure to pay promptly or from any other cause shall void it.

30) In cases where a question has arisen as to the authenticity of an item, the purchaser must, before settlement day (30 days after the sale,) notify SMYTHE of his intention to return the item, confirmed in writing. The item will be examined by a recognized expert; if the item proves authentic, the sale will be consummated. If the item is not authentic, the sale price will be refunded.

31) The auctioneer reserves the right to postpone the sale by auction for a reasonable period of time as a result of any significant event which, in the sole discretion of the auctioneer, makes it advisable to postpone the event. No prospective bidder or prospective buyer shall have recourse as a result of any postponement.

Thinking of Selling? Have You Thought About This?

You've enjoyed collecting currency for many years, and now you are seriously thinking about selling. Should you value the entire collection and offer it, at a wholesale price to a dealer? Will you publish a full-page advertisement in a paper money newspaper or mail out your own price list or catalogue?

We suggest that you do what most experienced collectors have done with their better material - sell at auction. And once you have decided to sell your collection at auction you will need to select an auction company. There are many things that should be taken into consideration, but one question you should always ask is ``Where and when will my material be sold?''.

At R. M. Smythe and Company, we think the answer to the ``where'' part of that question is relatively simple. Important collections of paper money should be auctioned at paper money shows.

If your collection was in our June Memphis International Paper Money Auction it could have been viewed by over 150 of the world's most significant paper money dealers, and by the hundreds of serious collectors who came to the show every day to buy. The auction results speak for themselves.

Federal Currency in the June, Memphis Auction was very strong. Lot 1023, the $20 1863 Legal Tender (Fr.126b), Choice Almost Uncirculated realized $3,500. Lot 1051, a cut sheet of four $5 1899 Silver Certificates sold for $3,050. Lot 1140, the Portland, Maine $10 Red Seal brought $4,500 and Lot 1154, the $2 Moniteau NB of California, Missouri ``Lazy Two'' sold for $4,000.

Confederate Currency was in great demand as can be seen by the $10,000 hammer price realized for Lot 1392, an extremely rare contemporary counterfeit of the $5 1861 ``Indian Princess'' note, and the $100 1861 T-3, Lot 1383, brought $7,000. A superb collection of obsolete bank note proofs from Louisiana, Lots 1,527-1,531, brought record prices of from $3,400 to 4,200 each. The possibly unique Garden City, Minnesota, proof sheet, Lot 1543, sold for $9,500.

The most extraordinary results were achieved by an outstanding group of Alaska Clearing House Certificates, meticulously researched and fully-illustrated in the catalogue. Lots 1440-1446, including the $1, $2, $5, $10, $20, $50 and $100, realized $5,000, $4,500, $5,000, $5,000, $5,500, $6,000 and $8,000 respectively.

We strongly believe that the best way to sell a paper money collection is at auction. There are no substitutes for experience, thorough research, proper presentation, and a location that makes sense, and that is why, at R. M. Smythe and Company, we are committed to conducting our paper money auctions at paper money shows.

Consignments are now being accepted for our 1996-1997 Auction Schedule.

February 15, 1997. Currency, Stocks and Bonds. The Chicago Paper Money Exposition. Chicago, Illinois

June 1997. Currency, Stocks and Bonds. Memphis International Auction.
